## SOLUTION BASED PATIENT CARE AND TRANSPORT

Multiple Models to Provide Optimal Healthcare

### IMPROVED MEDICAL OUTCOMES

A 3rd party study found an average of \$2,500 less in inpatient costs for Air Methods patients

### INDUSTRY LEADING PRE-HOSPITAL CARE

Air medical staff that can handle diverse medical emergencies, including specialty transports, due to our continuous world class training

### INCREASED PATIENT VOLUME

Targeted growth in patient volumes, driven by a new kind of marketplace intelligence

### CURRENT PARTNERS INCLUDE:

# FACILITATING BETTER CARE WITH EASE FOR OUR PATIENTS

We are Ready to Respond When a Physician or a First Responder Calls Us

Our Patient Advocacy program works with all patients, regardless of insurance (even those without insurance), to make sure that out-of-pocket costs are affordable for them.

We have an in-network rate of 78% with major insurance carriers. For the most current in-network agreements scan the code below.

## RAISING THE BAR FOR CLINICAL EXCELLENCE

Achieving Unmatched Clinical Quality and Patient Safety in Air Medical Transport

**2,500** intubations per year

### ADVANCED HUMAN PATIENT SIMULATORS

initial and ongoing clinical  
skills training and validation

### 150+ AIRCRAFT

carry lifesaving blood in flight

Over **475,000** total clinical  
training hours annually

**100K+** records and  
reports reviewed annually

### THE LEADER IN ADVANCED AIRWAY MANAGEMENT

First attempt tracheal tube  
placement rate exceeds  
95% nationally - nearly  
20% better than the  
average pre-hospital rates

Achieving CAMTS accreditation is a mark of excellence for a critical care transport program. The Air Methods' standard is for all CBS programs to earn CAMTS after one year of service.
